

LAWN & ORNAMENTAL SERVICES, INC.

"DOESN'T YOUR LAWN DESERVE THE ROYAL TREATMENT?"

PEST

SOLUTIONS, LLC

"If you have a pest problem, we have the Remedy"

MAY TECHNICIAN NOTES

WATER!! WATER!! WATER!!

This application will include nitrogen fertilizer for increased color and growth. Effects will take up to 7-10 days for total increased color if sufficiently watered. An iron/micronutrient package for increased color and health. Along with a combination systemic and contact insecticide for any damaging insects. Lawns will be treated for weeds ONLY if the lawn is not showing drought stress. Any disease/fungus noted at time of service will be spot treated as well.

It is important to start watering the lawn on a weekly schedule of twice per week 50 minutes per zone, or enough to be getting 3/4 to 1" of water per zone. This will allow the root system to develop longer roots and to help recover from any damage once it starts growing. Now is the time to check your irrigation systems as well and make sure you are receiving adequate coverage and the sprinkler heads are performing properly.

WE ARE SEEING SEVERAL PROPERTIES NOT GREENING UP, GETTING BROWN THIN AREAS AND YELLOW AREAS WHICH ARE STRESSED AREAS FROM LACK OF WATER. IT IS IMPERATIVE YOU WATER YOUR PROPERTY AS INSTRUCTED BY YOUR TECHNICIAN. WE HAVE SANDY SOILS AND RAIN DOES NOT LAST AS LONG AS YOU THINK IN THE SOIL..

Remember Royal Green has the Remedy for all of your lawn care, tree/shrub, rodent, pest control and termite needs. We also can do WDO Inspections/Reports for your Real Estate needs. Contact Phil with Remedy Pest Solutions at 904-743-2403.
